

# PROJECT PREP CHECKLIST

Project planning can be complex, especially in today's fluctuating market. We put together the following checklist to help assist you or anyone in your organization in planning your next project.

## PRICING

Do you have steel pricing locked down for the duration of the job?

- YES – make sure you sent in the correct PO
- NO – contact your outside sales rep about pricing in the current market and getting a PO submitted

## TOOLS + ACCESS

Do you have the correct tools and accessories for the job?

- YES – thank you for purchasing from BarnSCO TX! Don't forget you can make purchases 24/7 at [texas.barnsco.com](https://texas.barnsco.com)
- NO – contact your outside sales rep or visit [texas.barnsco.com](https://texas.barnsco.com) for pricing and product information

## STEEL FABRICATION

If your job requires steel fabrication, have you created a lead time calendar/schedule for the fab shop to handle the order?

- YES – thank you!
- NO – contact your outside sales rep or our inside sales department about getting a schedule in place to ensure your steel is fabricated and delivered on time

## SAFETY GEAR

Given the time of year of your job, have you considered the safety gear your crews will need?

- YES – thank you for purchasing from BarnSCO TX! Remember that you can purchase these items day or night at [texas.barnsco.com](https://texas.barnsco.com)
- NO – visit [texas.barnsco.com](https://texas.barnsco.com) or call our inside sales dept to learn about the wide range of products we have for crew safety needs in any conditions

## EQUIPMENT

Do you have all of the equipment you need for the job?

- YES – thank you! Consider the Barnsco TX service shop for your equipment maintenance needs. Contact Jeremy Tillery at (214) 352-9091 for service options and a free estimate
- NO – contact one of our knowledgeable equipment sales reps to get more information about the small and compact equipment we have available

Do you need rental equipment for the job?

- YES – please contact Gavin Harris at (214) 352-9091 for more information about rental pricing and availability
- NO – consider the wide-array of equipment in the Barnsco TX rental fleet if something comes up during the job

## INNOVATION

Have you considered any new, innovative or non-traditional options for the job?

- YES – let us know what you're considering and how our knowledgeable sales staff can help you get ahold of product/demos/specs for your consideration
- NO – there are many amazing changes coming to the concrete construction industry in the way of technology and innovation. Contact your outside sales rep to hear about some options that would pertain to your current projects

We pride ourselves on not just offering a wide range of industry products, but also on providing the highest quality customer service in town. How can we help you?
