

Job Description

Position: Rebar Detailer/Project Manager

Reporting: Reports directly to the Detailing Manager

Purpose: Rebar Detailer/Project Manager will oversee all functions relating to producing placing drawings and material cut list (bar list) for any assigned jobs. Prepare high quality, accurate, reinforcing steel placement drawings, through the interpretation of engineer's plans and specifications. Drawings will need to conform to industry and company standards to provide necessary information for productive fabrication and field placement.

Duties and Responsibilities:

- Produces rebar drawings that conform to industry and company standards for various structures
- Produces accurate and detailed lists of material for shop fabrication
- Assists with the research of detailing, fabrication, and field problems
- Coordinates with customer and scheduling personnel to schedule material deliveries and placement
- Coordinates and accounts for any changes in our scope of work
- Maintains accurate records and documentation for each job
- Maintains an organized work area
- Responsible for making sure outstanding service is taking place and all efforts are taken to satisfy customer needs at all levels, phone calls, meetings, and job sites
- Performs other duties as assigned by manager

Required Education & Experience:

- Proficient in Microsoft Office Suite especially Excel and Outlook
- Previous experience with Auto CAD or MicroStation (Preferred)
- Experience and practical knowledge of rebar detailing per industry standards
- Ability to interact with coworkers and customers in a positive manner, follow directions and work rules and accept constructive feedback
- Strong mathematical skills are required
- Must demonstrate outstanding organization and multi-tasking skills
- Ability to work overtime as necessary outside of normally scheduled shift with little or no advance notification required, including weekends and holidays
- Ability to read and interpret contract drawings (i.e., blueprints)
- Associate's degree or higher (Preferred)
- Bilingual – English/Spanish (Preferred)

About Barnsco:

Barnsco Texas, a member of the Kodiak Building Partners family, has been serving the concrete construction markets in Texas since 1984. We are a Texas-based company that offers rebar fabrication, full service post-tension, concrete construction supplies, and engineering services. Additionally, we provide equipment sales, rentals, and maintenance services.

At Barnsco Texas, our core values are at the heart of everything we do. We provide a unique environment that encourages individual growth and recognizes individual performance and hard work. Our management team is visible and accessible, ensuring effective communication. If you are seeking growth opportunities in a stable company, look no further than Barnsco Texas.

Please note that this job description does not imply that the listed duties are the only responsibilities of the employee(s) in this position. Employees will be expected to follow any other job-related instructions and perform any additional job-related duties as assigned by authorized personnel.

Barnsco Texas is an equal opportunity employer. We consider all candidates for employment, regardless of their race, color, sex, age, national origin, creed, disability, marital status, sexual orientation, or political affiliation.
